

ANDERSEN

Genesis Homes offers the Andersen plan, inspired by traditional Northwest architecture, this single story design offers lots of living square footage for its smaller footprint. Featuring a cozy primary suite complete with walk-in closet, and full ensuite bath, two additional bedrooms with easy access to a second full bath and laundry facilities. The Andersen's greatest feature is that it's built for entertainment, with 3 separate common spaces including a front living room, a great room with full kitchen access and the large sunroom overlooking the back.
